3 Owner Daily Verification & Dispatch Protocol

When a customer places an order on House of Addya, follow this 4-step workflow to verify payment and dispatch:

01 **Login to Admin CMS (`/admin`)** — Open the Owner Dashboard on phone or laptop. Enter PIN (`1122`). Click **Orders & Shipping**.

02 **Check Customer Payment UTR Reference** — Each UPI or Bank Transfer order clearly highlights the customer's 12-digit reference number (e.g. `Payment Ref/UTR: 428901238491`) right under the address.

03 **Cross-Verify in Bank App (10 Seconds)** — Open Punjab National Bank NetBanking or HDFC/PhonePe business notifications to confirm credit matching order total and customer UTR.

04 **Assign Shiprocket AWB & Update Status** — Pack the garment in branded House of Addya packaging. Paste the Shiprocket AWB tracking number (e.g. `SR-884761452`) into the field and switch status to **Shipped**.

4 Store Management & CMS Controls

MANAGEMENT MODULE	WHAT YOU CAN DO	HOW IT SYNCS
Product Catalog	Add new silhouettes, upload high-res atelier imagery, edit retail prices, manage size charts, and set inventory counts per size (XS, S, M, L, XL).	Instant live update on storefront; saved directly in Supabase PostgreSQL database.
Inventory & Variants	Set stock per color and size. When an item reaches 0, the site automatically displays *"Sold Out"* to prevent overbooking.	Decrements automatically upon customer checkout.
Coupons & Discounts	Create festive discount promo codes (e.g. `ADDYA10` for 10% off, `MUSE20` , or flat ₹500 off) with minimum order value rules.	Validated live in the checkout price calculation engine.
Banners & Announcements	Edit top announcement marquee text (e.g. *"✨ FREE EXPRESS SHIPPING OVER ₹1,499 ✨ "*), hero headlines, and campaign copy.	Changes appear immediately across all customer devices.
Customer Support & WhatsApp	Pre-configured floating WhatsApp concierge widget (`+91 98712 34567`) connects shoppers directly with Addya's styling team.	1-tap direct chat from any product or checkout screen.

Shoppers can visit the dedicated tracking page and enter either their Order ID (e.g. `HOA-94169`) or Shiprocket AWB. The system displays a live 4-stage visual timeline (Confirmed → Atelier Inspection → In Transit → Delivered).

7-Day Easy Doorstep Exchange Policy
